

The Seven Steps to a Safe and Secure Future

This course is for families interested in learning a practical, step by step approach to creating a future plan for a loved one with a disability

This course is designed to answer the following questions:

- Who will be there in the future to provide security, companionship and love for your relative?
- How will your relative with a disability continue to have the quality of life they experienced at home with their families?
- How will you ensure their interests are protected, their contributions recognized and their needs and choices honored?

Starting off the series is a **full day workshop** for families and other community members. Guest Speakers are **Geoff White**, Lawyer, who has a vast knowledge of Estate Planning for people with disabilities and their families and **Nancy Ford**, Parent and PLAN Institute Director of Learning and Family Development.

Topics include:

- Registered Disability Savings Plan
- Wills and Estates, RDSP, Representation Agreements, Trusts
 - Planning And Financing Home Ownership
